In the event that this requirement is not fulfilled the Carrier may unpack the Container and in respect of Goods for which Bills of Lading have been surrendered, deliver them to the Merchant on a LCL (less than container load) basis. Such delivery shall constitute due delivery hereunder, but will only be effected against payment by the Merchant of LCL Service Charge and any charges appropriate to LCL Goods (as laid down in the Tariff) together with the actual costs incurred for any additional services rendered.

(2) If this is an FCL (Full Container Load) multiple Bill of Lading (as evidenced by the qualification of the tally acknowledged overleaf to the effect that it is one of ... partcargoes in the Container"), then the Goods detailed overleaf are said to compromise part of the contents of the Container indicated. If the Carrier is required to deliver the Goods to more than one Merchant and if all or part of the total Goods within the Container consists of bulk Goods or inappropriate Goods, or is or becomes mixed or unmarked or unidentifiable, the Holders of Bills of Lading relating to the Goods within the Containers shall take delivery thereof (including any damage portion) and bear any shortage in such proportions as the Carrier shall in his absolute discretion determine and such delivery shall constitute due delivery hereunder.

22. GENERAL AVERAGE AND SALVAGE

(1) In the event of accident, danger, damage or disaster before or after the commencement of the voyage, resulting from any cause whatsoever, due to negligence or not, for which, or for the consequences of which, the Carrier is not responsible, by statute, contract or otherwise, the Merchant shall contribute with the Carrier in general average to the

payment of any sacrifices, losses or expenses of a general average nature that may be made or incurred and shall pay salvage and special charges incurred in respect of the Goods.

(2) A general average on a vessel operated by the Carrier shall be adjusted according to the York/Antwerp Rules of 1994 or any subsequent amendments thereto at any port or place and in any currency at the option of and by an adjuster appointed by the Carrier with the test of reasonableness in the Rule Paramount being made on the basis of what was known at the time of the general average act and not subsequently with the benefit of hindsight. Any general average on a vessel not operated by the Carrier (whether a seagoing or inland waterways vessel) shall be adjusted according to the requirements of the operators of that vessel. In either case the Merchant shall give such cash deposit or other security, as the Carrier may deem sufficient to cover the estimated general average contribution of the Goods. Any security, other than cash deposits, must be given by a party acceptable to and with assets in a jurisdiction nominated by the Carrier. Such security must be provided before delivery if the Carrier so requires, or, if the Carrier does not so require, within three months of the delivery of the Goods, whether or not at the time of delivery the Merchant had notice of the Carrier's lien. The Carrier shall be under no obligation to exercise any lien for general average contribution due to the Merchant.

(3) Conversion into the currency of the adjustment shall be calculated at the rate prevailing on the date of payment for disbursements and on the date of completion of discharge of the vessel for allowances, contributory values, etc.

(4) if a salving vessel is owned or operated by the Carrier, salvage shall be paid for as fully as if the salving vessel or vessels belonged to strangers.

(5) In the event of the Master in his sole discretion or in consultation with owners considering that salvage services are needed, the Merchant agrees that the Master may act as his agent to procure such services to Goods and that the Carrier may act as his agent to settle salvage remunerations, without any prior consultation with the Merchant in both cases.

(6) If the Merchant contests payment of contribution to general average, salvage, salvage charges and or special charges to Goods on any grounds whatsoever or fails to make payment of contribution within three months of issue of the adjustment thereof, whether or not prior security had been provided, the Merchant shall pay interest for the period in excess of three months on the contribution due at two percent per annum above the base lending rate of the central bank of the country in whose currency the adjustment is issued, in addition to the contribution due.

(7) In the event of any general average credit balances due to Merchants still being unclaimed five years after the date of issue of the adjustment, these shall be paid to the Carrier, who will hold such credit balances pending application by the Merchants entitled thereto.

23. BOTH-TO-BLAME COLLISION CLAUSE

If the vessel comes into collision with another vessel as a result of the negligence of the other vessel and any act, negligence or default of the Master and or his servants or agents or the servants or agents of the carrier in the navigation or in the management of the vessel, the merchant will Indemnify the carrier against all loss or liability to the other or non carrying vessel or her owner in so far as such loss or liability represents loss of a damage to or any claim whatsoever of the owner of the said goods paid or payable by the other or non-carrying vessel or her owner of the said

cargo and set-off or recouped or recovered by the other or non-carrying vessel or her owner as part of his claim against the carrying vessel or carrier.

24. VARIATION OF THE CONTRACT

No servant or agent of the Carrier shall have the power to waive or vary any of the terms of this Bill of Lading, unless such waiver or variation is in writing and specifically authorized or ratified in writing by the Carrier.

25. LAW AND JURISDICTION

(1) Unless Clause 26 applies, any claim against the Carrier wider this Bill of Lading shall be determined according to English law in the exclusive jurisdiction of the courts of law in the Republic of Singapore.

(2) The Carrier may be entitled to pursue a claim against the Merchant in London or any other jurisdiction as the rule of law may allow but settlements or awards shall only be decided or adjudged in accordance with the application of English law only.

(3) Nothing herein shall prevent the parties to any claim or dispute under this Bill of Lading from agreeing to submit the claim or dispute to arbitration by mutually acceptable arbitrator(s) on mutually acceptable terms at a mutually acceptable venue.

26. VALIDITY

In the event that anything herein contained is inconsistent with any applicable international convention or national law, which cannot be departed from by private contract, the provisions hereof shall to the extent of such inconsistency but no further be null and void.

27. LIMITATION OF LIABILITY

For the avoidance of doubt, the Merchant hereby agrees that the Carrier qualifies and shall be regarded as a person entitled to limit liability under the relevant Convention on the Limitation of Liability for Maritime Claims. Except to the extent that mandatory law to the contrary applies to the appropriate jurisdiction (in which case said law shall apply), the size of the fund to which the Carrier may limit shall be calculated by multiplying the limitation fund of the carrying vessel at the relevant time by the number of TEUs (Twenty Foot Equivalents) aboard at that time for which the Carrier is the contracting carrier and dividing that total by the number of TEUs aboard at the time.
